NOTES

This week I will be doing **reading fluency tests** during Silent Reading time with the kids. Therefore, **I will NOT be asking any students to stay after school to do this test.**

I will be sending a Sign-Up Genius to request supplies for the classroom. Thank you in advance for your donations!

Last week we took the STAR reading and math tests. If you'd like to know your child's score, please email me.

Just a reminder that **homework is passed out on Mondays, and due on Friday.** If your child needs help, I can help him/her during the week.

WHAT WE ARE LEARNING

MATH: Module 1: Foundations for Multiplication: We will go over the concept of repeated addition, equal groups of objects, and arrays in learning how to multiply. For most of the class, we will be working on memorizing our 2's and 5's times tables. For those who already know these facts, there will be time given to memorize the multiplication facts they yet don't know, or to work on word problems that involve multiplication/division.

ELA/WRITING: I will be introducing students to the third grade **Wonders textbook and workbooks.** We will **read a folktale** to talk about the importance of teamwork, talk about how to figure out the meaning of unknown words using **context clues**, and how to use an **online thesaurus** to find synonyms, or to look up what a word means.

UPCOMING EVENTS

EARLY DISMISSAL DAYS @1:50pm all this week, from Aug.19 – Aug. 23rd

NO SCHOOL on **Mon. Sept. 2nd** (Labor Day holiday).

BACK TO SCHOOL NIGHT will be on **Thurs., Sept. 12th.** This is also an **early dismissal day @ 1:50pm.**
