NOTES

Our walking field trip to Manor Library is this Wednesday. If your child has his/her own library card already, please have him/her bring it with them that day. I turned in the library card applications for the students who wanted one. We will be checking out a book from the library before we return to school. It will be the parent's responsibility to return the book that is borrowed.

I will be starting Spelling Words next week. Spelling tests will be every Friday. Spelling words will be included in the homework so the kids can study the words at home, and parents can see what the words are.

WHAT WE ARE LEARNING

MATH: Module 1: Foundations for Multiplication: I will be introducing the distributive property of multiplication $(4 \times 3) + (2 \times 3) = 6 \times 3$. We will also be using a "tape diagram" to help us solve multiplication problems. I will be giving a "mid-module" test this Friday to see how the kids are getting the concepts we have learned so far.

ELA/WRITING: Comprehension Skill: *Character, Setting, & Plot*: This week we discuss how learning helps us grow as we read "Bruno's New Home" and "Wolf!" We will also identify character, setting, and plot in the two stories we read.
Vocabulary words: *ached, concentrate, discovery, educated, effort, improved, inspired, satisfy.*

Students continue to write in Google Docs and edit their own papers, as well as their peers'. Topics will change each week.

UPCOMING EVENTS

FIELD TRIP TO MANOR LIBRARY will be on Wed., Sept. 4th.
