PRESENTATIONS

* McKinley Elementary School's Side Garden Removal

The Principal at McKinley Elementary School provided a presentation about removing the side garden at the campus. The school faces many challenges in terms of safety for its campus. Other issues in addition to safety are:

- Prevent potential theft hazard to properties
- Improve traffic flow at the alleyway
- Increase parking spaces
- Abate fire hazards

Principal Mott stated that with the new design, the existing fencing around the garden will be removed and reused to minimize costs, and will secure side access to the campus using the same fencing. A new gate will be installed which will be locked in the evening hours and on weekends, unless there is a Facilities Use Permit.

If approved, the work would be scheduled to begin on November 19 and will continue through the week of November 22-26 (fall holiday) when school is not in session. This upgrade would provide a net gain of 3 parking spaces to the current 35 that are available on the McKinley campus. The estimated cost is about \$10,000; \$7,000 for repairing and resurfacing asphalt and \$3,000 for fencing.

Following the presentation, a concern was raised as to why McKinley Elementary was selected and not the other schools. Assistant Superintendent Song Chin-Bendib explained that with the many safety violations due to its being “open” to anyone, and the numerous times that the campus has been tagged with graffiti and vandalism over the past few months, it had become apparent that there was an urgency to address this. However, the Assistant Superintendent noted that the principals have been asked to provide staff with a list of their highest priority project needs. She will compile the information into a matrix, which will be brought to the Facilities and Technology committee for consideration.

Additional comments and suggestions raised by the Board included:

- The need for an overall plan for using Measure B funds to avoid a “piece-meal” approach
- Interested in seeing plans for the front garden of McKinley
- The community will still have access to the playground and field
- Consider installation of convex mirrors to help prevent accidents
- Consider parking cars in a riser-type fashion (i.e. one car on top of another) to increase parking for staff

CONFERENCE ITEM

Elisa Alvarez, SLHS Assistant Principal/Intervention Coordinator and Sheila Lawrence, Director of Student Support Services, provided an update on the work that has been implemented by the campus security team at both the Fred T. Korematsu (FTK) Campus and main high school campus. They shared their work plan to ensure a safe

environment for students and staff including:

- Goals and Objectives
- Protocols and Expectations
- Communication
- Training
 - District
 - SLHS Site Map (established zones for supervisions at both the main and FTK campuses)
- Challenges with the addition of the new FTK campus and the impacts to both campuses
- Recommendations & Next Steps

Areas of concern and suggestions voiced by the Board included

- Coverage at the front door entrance of the main building
- Emergency procedure protocols
- Splitting the lunch times
- Lack of subs for female physical education teachers
- Overtime for security at games
- The need for a more thorough evaluation of overall security needs and the development of a short-term and long-term action plan

* Assistant Superintendent of Business Services, Song Chin-Bendib, provided a presentation to the Board to address the following budget-related issues:

- Status of the State Budget for 2011-12 and its impact to the San Leandro Unified School District:
 - September 23, 2010, School Services Inc. estimated a net funded 0% Cost of Living Adjustment (COLA) for 2011-2012, rather than the projected 2.10% COLA
 - The loss of the 2.10% COLA means a reduction of about \$916,000 in expected revenue for the District
- Senate Bill (SB) 847 Federal Jobs Bill
 - San Leandro stands to receive \$1,622,948 (\$1,460,688 – 90% this year; and the remaining 10%-\$162,298 – to be evaluated by the state in July 2010)
 - \$1,460,686 was received and posted to the District Treasury account on September 24, 2010
- Finance Committee recommendations as of September 27, 2010:
 - Apply the \$916,00 loss from the projected 0% COLA against the Federal Jobs Bill
 - Consider spending half of the \$544,686 balance of the Federal

Jobs Bill towards collaboration time for K-5 teachers;
collaboration time for 6-9 grade teachers; support site K-5
Tiered Intervention assessment and purchase grades 1-5
Curriculum Associates Content assessment books

- Restore elementary schools library/media para-educators
- Provide a 1.0 FTE custodial position at the soon-to-be opened Arts Education Center
- Restore partial Vice Principal positions

The Board asked for clarification on the estimated cost of going back to CSR at 20:1 or staying at 28:1, and briefly discussed the Finance Committee's recommendations for use of the Federal Jobs Bill funds. A suggestion was raised to possibly schedule a community forum or budget work session to discuss the budget and the 2012/13 cuts in preparation for the First Interim report.

Based on an unsigned budget and the upcoming School Services Inc. conference, the Board decided to hold off on any action until the October 19, 2010, Board meeting regarding potential use of the Federal Jobs Bill funds, with the exception of approving the purchase of Grades 1-5 assessments, due to time sensitivity.

CONFERENCE ITEM

Business and Operations

4.1-CF Discussion, Review and Approval of Budget Expenditure Modifications to be Incorporated in the First Interim of 2010-11 which Includes Fiscal Years 2011-2012 and 2012-13

PUBLIC COMMENT

- Maggie Heredia-Peltz, Bancroft Middle School principal, addressed the Board in support of restoration of the VP positions at the middle schools. Specifically focusing on Bancroft, Ms. Heredia-Peltz cited areas that are being impacted such as safety, supervision, planning, and retaining staff.

agreed that it would be prudent to hold off making any budget decisions until later in the month. She had questions about the calculations, healthcare; and the Curriculum Associates Content (CAC) assessment books. She urged the Board to carefully look at cuts over the last two years, and the substantially higher ending balances in other sweepable funds.

On a motion made by Trustee Mack-Rose and seconded by Trustee Sullivan, the Board approved the purchase of Grades 1-5 Curriculum Associates content assessment books (\$13,600) due to the time sensitivity, with the understanding that the Board will review the remaining Finance Committee recommendations after the budget is signed, by a 6-0 vote. Trustee Katz-Lacabe was absent.

ACTION

Business and Operations

4.1-A Consulting Agreement between SLUSD and Public Economics Inc. (PEI) for Analyzing Redevelopment Agencies and the Impact on San Leandro Unified

Prior to the discussion, Assistant Superintendent Song Chin-Bendib responded to a question raised by Trustee Sullivan, confirming that the Los Angeles School District litigation would have an affect on future pass-through payments.

She further explained that pass-through payments from RDAs to affected taxing entities can be very complex, noting that the District has five RDAs (per PEI), three will not be impacted, two, between fiscal years 2003-04 and 2007-08, will be, adding that the District has the potential of receiving \$231,000.

Walking the Board through the series of events, Assistant Superintendent Chin-Bendib, stated that initially the District did not have a fully executed contract at the time with Public Economics Inc (PEI) as it was potentially covered by the Alameda County Office of Education (ACOE). However, while the District was working with ACOE to resolve the PEI contract, ACOE would not pay for the services already done, which were considered to be unique to the District, thus the amount was paid out of the RDA/Developer Fees Fund. In order to recoup these payments, the District is requesting that the Board approve up to \$2,500 to cover any other potential RDA analysis needing to be done at a later date. Assistant Superintendent Chin-Bendib is hopeful that the District will receive the money, not just for the past years, but out years 2008-09; and 2009-10 which could amount to millions of dollars if we win this case.

On a motion made by Trustee Mack-Rose and seconded by Trustee Sullivan, the Board approved the Consulting Agreement between SLUSD and Public Economics Inc. for Analyzing Redevelopment/Agencies and the Impact on San Leandro Unified by a 6-0 vote. Trustee Katz-Lacabe was absent.
