## Principal's News

Dear Roosevelt Community,

One of our own Roosevelt alumni recently entered and won a national inventor's contest sponsored by Disney! In conjunction with the release of the new movie *Big Hero 6*, the folks at Disney challenged children all across the nation to come up with an invention that would make the world a better place. **Dominick Quaye** submitted a video of his design for High Altitude Power Generation, an invention that proposes to have windmills suspended by balloons high up in the air. This invention could help us create renewable energy in order to address the problem of global warming and climate change. Amazing work Dominic! You've made your Roosevelt family proud!
