

SAN LEANDRO UNIFIED SCHOOL DISTRICT
Educational Services

Responsive, Personalized Learning Pathways for Career and College Readiness

During the spring 2020 period of school closure in response to the COVID-19 pandemic, the staff of the San Leandro Unified School District (SLUSD) remains committed to supporting the students, staff, and parents/guardians of our school communities.

In response to the school closures, the California Department of Education is allowing districts to [request waivers](#) that exempt individual students from the state's minimum [graduation requirements](#). SLUSD will not request a state waiver.

SLUSD governing board has adopted a policy ([BP 6146.1](#)) that sets graduation requirements beyond the state's requirements in the *Education Code* and SLUSD's governing board has the authority to revise that policy and modify those additional requirements.

The following proposal outlined in yellow is the credit reduction recommendation for the Class of 2020:

San Leandro High & Lighthouse Independent Study

Subject	Current 2019-2020 SLHS Graduation Credit Requirements	CLASS of 2020 <i>*only</i> Graduation Requirements
