# STATE OF ISRAEL IS BORN

The first independent Jewish State in 19 centuries was born in Tel Aviv as the British Mandate over Palestine came to an end at midnight on Friday, and it was immediately proclaimed to the rest of the world. As "Midnight Themed" (State of Israel) was proclaimed, the battle for Jerusalem raged, with most of the city falling to the Jews. At the same time, President Truman announced that the United States would accord recognition to the new state. A few hours later, Palestine was invaded by Muslim armies from the north, east and south, and Tel Aviv was bombed from the air. On Friday the United Nations Special Assembly adjourned after adopting a resolution to appoint a mediator.
