

Important Notes

Our field trip will be to the Exploratorium, on Wednesday, January 23. The Exploratorium is a place where students will be exploring a wide range of hands-on science and engineering exhibits. We will be driving to San Leandro BART, and then taking BART to San Francisco. Please have students dress in layers, carry a light backpack with a lunch, and comfortable walking shoes. We will be returning at 2:00pm.

Learning Goals This Month

Mathematics

- Represent and solve problems involving multiplication and division.
- Understand properties of multiplication and the relationship between multiplication and division.
- Multiply and divide within 100.
- Solve problems involving the four operations, and identify and explain patterns in arithmetic.
- Use place value understanding and properties of operations to perform multi-digit arithmetic.
- Solve problems involving measurement and estimation of intervals of time, liquid volumes, and masses of objects.

Weekly English Language Arts Focus Questions

- How can people help animals survive?
- How do people figure things out?
- What makes different animals unique?

Please spend time discussing these focus questions with your child!

Donations We Need

Clorox Disinfectant Wipes
Dry Snacks for recess (We are all out!)
Copy Paper
