

Important Notes

Please mark your calendar for our field trip on the 18th, and for your conference day and time during the week of the 8-12. Students are encouraged to come to the conference, we will be working on setting goals together.

Learning Goals This Month

Mathematics

- Represent and solve problems involving multiplication and division.
- Understand properties of multiplication and the relationship between multiplication and division.
- Multiply and divide within 100.
- Solve problems involving the four operations, and identify and explain patterns in arithmetic.
- Use place value understanding and properties of operations to perform multi-digit arithmetic.
- Solve problems involving measurement and estimation of intervals of time, liquid volumes, and masses of objects.

Weekly English Language Arts Focus Questions

- Why is working together a good way to solve problems?
- Why do people immigrate to new places?
- How do people make government work?
- How can people help animals survive?
- How do people figure things out?

Please spend time discussing these focus questions with your child!

We really need snacks for recess! (Cheez-its, Goldfish, etc.)
