NEWS!

WEEK OF:
August
23rd

This week in Room 22:

The first graders were very busy this week. We practiced how to use sounds to spell out words. We also discussed the elements of a story. We reviewed number bonds in math. In science, we took a closer look at our hearing through Mystery Science and BrainPopJr. We explored our brand new chromebooks and practiced using them safely.

Next Week:

Students will be continue to learn about the five senses by using them to explore our world. We will practice blending sounds to make words. In Writers' Workshop, we will think about what writers write and explore what we would like to write about this year.

Reminders:

- * Students will be bringing home login information for [Kidsa-z.com](https://www.kidsa-z.com) (reading) and [Zearn.org](https://www.zearn.org) (math) today. There is a login code for Zearn (**JN6J4P**) when you log in the first time.
- * Students are encouraged to have headphones at school to use with the computers.

Have a wonderful weekend!
