

February 15, 2019

Good Afternoon Parents,

We had a wonderful week full of love and kindness as we celebrated Valentine's Day (see photo below). The students had fun making their mailboxes and delivering their treats to one another. Thank you for all the special treats I received.

This week, the students reviewed long vowel sounds and their sight words. We read The Love Monster, studied the elements of the story, and wrote about how we are each unique. We also read about George Washington this week. We learned about his presidency and how life was different long ago. We read about Rosa Parks and her important role in the Civil Rights Movement. In math, we began learning about measurement. We measured with non-standard items, such as paper strips and strings. We also compared items using our math vocabulary.

Next week, there is no school, as we celebrate Presidents' Week. I hope you all enjoy the time with your families.

Please take a moment to fill out the school's parent survey : <https://surveys.wested.org/csps/WC467QK>

### Important Dates

2/18- 2/22- No School- Presidents' Week
