

May 17, 2019

Good Morning Families!

It was so nice to see everyone last night at Open House. I enjoyed celebrating all the students' hard work with you. If you were unable to make it last night, your student will be bringing home their awesome work today so that they can share it with you.

Although we only have three weeks left together, there is so much to do and a lot of fun coming up. Students will continue to work with their sight words next week and will be assessed on their words from Unit 5. They will be bringing their flashcards home today and I have encouraged them to keep practicing them at home. We will learn about different ways to spell the long u sound next week, too. In math, we continue to practice our addition skills while we also learn about two and three-dimensional shapes. We will be enjoying some STEM building challenges, too.

Next Friday, we will be going on our bowling field trip. Although we will be eating lunch a little later, students can still order a school lunch, so feel free to follow your usual lunch routine.

### Upcoming Dates/ Important Information

**End of the Year Assessments-** Permission slips were sent home last week. Please sign and return.

**Bowling Field Trip-** Students should wear shoes with white rubber soles. We will be eating a regular lunch back at school after the field trip.
